Kids Konnect (Primary) - Click on the link to find the series of the month, once there, you will see each part of the monthly series and other resources you can use. To download, you'll need to create a free account. Alternatively, you can search for the episode on YouTube.

Little Adventurers (Preschool) – Depending on numbers of children and mix of pre-schoolers each week, we have included a bible story for them. We suggest reading to them from a children's bible and talking about the story. You could even dramatise it with fun voices and dress ups. If you need help with this or don't have a children's bible, there are lots of downloadable stories on the internet or please get in touch with melanie.makuch@c3churchthirroul.com so we can help.
